ACT NOW FOR COLLEGE OF DUPAGE

Provides a quick look at the College of DuPage and the resources it has to offer.

MS VTV 616.8589 ADH

ADHD. WHAT CAN WE DO?

This program brings the viewer into the life and homes of those with attention deficit hyperactivity disorders to show the many avenues of help available to children, teens, and adults who suffer from this disorder. Dr. Barkley discusses effective treatments for ADHD and illustrates how parent training, appropriate educational intervention, behavior modification, and medical management can yield very positive results.

MS VTV 616.8589 ADH

ADHD. WHAT DO WE KNOW?

Discusses attention deficit hyperactivity disorder, describing what ADHD is and providing glimpses into the lives of children and adults with the disorder and the struggles of their families to cope.

MS VTV 700.8996 AGA

AGAINST THE ODDS: THE ARTISTS OF THE HARLEM RENAISSANCE

Harlem in the 1920s and 1930s was the scene of a passionate outburst of creativity by African-American visual artists. This documentary tells how black artists triumphed over the prejudice and segregation that kept their work out of mainstream galleries and exhibitions, and recalls the vibrancy of Harlem in the roaring twenties. You'll view over 130 paintings, prints, photographs and sculptures, along with rare archival footage of artists at work

MS VTV 929.1028 AFR

AFRICAN AMERICAN RESEARCH

"This episode focuses on the distinct challenge in researching African - American records. Guests include Collette De Verge and members of the Southern California Genealogical Association, who share what family history means to them, and expert Tony Burroughs who dispels myths about African-American records and introduces new information to help begin a successful search." -- Container.

AIRCRAFT CARRIER

Narrated by Stacy Keach.

MS VTV 512 ALG

ALGEBRA I

6 videocassettes.

Tape 1: Lessons 1-5. An overview - - The evolution of numbers - -The language of algebra - - Exploring functions with the aid of graphing calculators - - Linear functions: introductory explorations - - Tape 2: Lessons 6-10. Multiple representations of linear functions - - The geometry of linear function graphs - - Words, equations, numbers and graphs - - Problem solving with linear equations - - Modeling real-world data with linear functions - - Tape 3: Lessons 11-15. Linear functions and geometry - - Quadratic functions: Introductory functions I - - Quadratic functions: Introductory explorations II - - The geometry of quadratic function graphs - - Words, equations, numbers and graphs. Tape 4: Lessons 16-20. Problem solving with quadratic equations - - Modeling real-world data with quadratic functions - - Polynomial explorations - - Rational functions: introductory explorations - - The geometry of rational function graphs - - Tape 5: Lessons 21-25. Working with rational functions and equations - - Exponential functions: introductory explorations - - The geometry of exponential function graphs - - Working with exponential functions and equations - - Systems of linear functions and equations - - Tape 6: Lessons 26-30. Using matrices to solve linear systems - - Systems of functions and equations - - Systems of inequalities - - Iterating functions: looking at functions recursively - - Using iteration as a problem solving tool.

MS VTV 512 ALG

ALGEBRA II

6 videocassettes.

Tape 1. Introduction. Polynomial arithmetic. Factoring. Solving linear equations. Solving linear inequalities - - tape 2. Correlation, slope and intercepts. The equation of a line. Graphing linear equations. Graphs of linear inequalities. Solving systems of two linear equations - - tape 3. Solving systems of two linear equations using elimination. Solving systems of three linear equations and systems of linear inequalities. Functions. Quadratic functions. Solving quadratic equations - - tape 4. Quadratic formula. Imaginary numbers. Quadratic and rational inequalities. Polynomial division. Zeros of a polynomial - - tape 5. Sketching polynomials. Sketching rational functions. Square roots and cube roots. Exponential functions. Logarithmic functions - - tape 6. Matrices and determinants. Solving systems of equations using matrices. Recursive functions. Sequences and series. Introduction to trigonometry.

STRONG KIDS. SAFE KIDS: A FAMILY GUIDE

A program about taking care of kids, and kids taking care of themselves. Put together because of the dangers of child sexual molestation and abduction, this program addresses the need for parents and their children to be better educated on these subjects. All of the problems and questions are brought out in the open. The material is frank and to the point, but presented so entertainingly with music and humor that it's a delight for the whole family to watch.

MS VTV 616.8554 STU

STUTTERING AND THE PRESCHOOL CHILD: HELP FOR FAMILIES

In the first section of this video, parents recount their emotions and reactions when their child first began to stutter. Stuttering experts and parents recommend a number of immediate steps to help the child. The second section describes the factors that put a child at risk for stuttering. The final section deals with treatment. Viewers see therapy in action by experts working with preschool children.

MS VTV 616.8554 STU

STUTTERING AND YOUR CHILD

This video features children who exhibit varying degrees of stuttering-- as well as children who are simply experiencing normal, age-appropriate disfluencies. It guides parents through the process of assessing their own child's speech. Noted speech-language pathologists discuss ways parents can help prevent stuttering as well as explain what to expect from therapy.

MS VTV 616.8554 STU
