

Biz Book\$ REVIEW

Tuesday, Sept. 15 • 7 pm
via Zoom

*The Myth of
Multitasking: How
"Doing it All" Gets
Nothing Done*
by Dave Crenshaw

For those who think multi-tasking provides a competitive advantage, think again. One reviewer of *The Myth of Multi-Tasking* writes, "I applaud Crenshaw for taking on a popular buzzword and small-scale plague not only in business life, but also our day-to-day world." Now that we are immersed in a real plague, the topic of how we do (or don't) focus on the task at hand is critical if we are to live a sane, centered life. This book, shared as a fable, demonstrates the costs and the lies of multi-tasking and ways to break the habit.

Business and career coach Vickie Austin meets other book-and idea-lovers in a salon-style setting. Thanks to our sponsors, including the Wheaton Public Library, the Wheaton Chamber of Commerce and CHOICES Worldwide.

You can participate in our Zoom discussion even if you haven't read the book.
